Data Science student with hands-on experience in Machine Learning, Natural Language Processing (NLP), and AI application development. Skilled in Python, FastAPI, spaCy, Pandas, NumPy, and SQL, with practical experience building an end-to-end AI Hiring System for resume screening, ATS scoring, interview orchestration, and automated candidate evaluation. Passionate about leveraging data and artificial intelligence to develop scalable solutions for real-world challenges.

SKILLS

- **Programming Languages:** Python, My SQL, R
- **Libraries :** Numpy, Pandas, Matplotlib, Seaborn, spaCy, OpenCV
- **Machine Learning Tools :** Tensorflow, Scikit-learn, Deep Learning, NLP, Feature Engineering, Model Evaluation
- **Visualization :** Tableau, Power BI

INTERNSHIPS

ICFOSS Trivandrum -
Trivandrum, Kerala, India

Sept 2023

Intern - Machine Learning with
Python

- Gained hands-on experience in machine learning by building and training models using Python.
- Worked on real-world projects focusing on data preprocessing, model development, and evaluation.

ZecPath

February 2026 - May 2026

Intern - AI Developer

- Acquired practical experience in Machine Learning, NLP, and AI application development through a real-world recruitment automation project.
- Strengthened expertise in Python, FastAPI, spaCy, REST APIs, AI workflow orchestration, testing, and deployment, delivering a production-ready AI recruitment solution

PROJECTS

AI-Powered Hiring System

- Developed an end-to-end AI recruitment platform that automates resume screening, ATS scoring, technical interview generation, follow-up interviews, and final hiring recommendations.
- Built intelligent AI pipelines using Python, FastAPI, spaCy, and NLP to analyze resumes, generate dynamic interview questions, and evaluate candidates through automated scoring.

EDUCATION

Bachelor of Engineering (BE), Computer
Science

June 2021 - February 2025
